DESIGNFORM™

SECTIONAL RAISED PANEL DOORS

When your building's façade needs a classic raised panel design, choose from DesignForm™ doors. With style choices, like mixed panel designs and safety features including finger-protection, DesignForm™ doors offer the aesthetic options of a residential door; combined with the durability of a commercial door. Matches Innovations Series™ residential doors.

DESIGNFORM™ OPTIMA

A perfect commercial-sized companion for the residential Centura™ doors, this full 2", R-18 door will brighten up the appearance of any building, inside and out. Available in a wide range of colors, the DesignForm™ OPTIMA is your best choice for an over-sized, classic residential appearance.

DESIGNFORM™ STANDARD

This 1 3/8", R-13.08 door is perfect for the RV or boat storage garage and matches the Colonial, Ranch or Flush look of the residential Innovations Relante™ doors. Available in White, Almond or ClayTone.

12' x 14' DesignForm™ STANDARD colonial in ClayTone with clear colonial windows (center), flanked by matching 9' x 8' Raynor Innovations Series™ Relante™ doors.

WARRANTY DesignForm™ door sections carry a 1-year warranty against rust and a 1-year limited warranty against any defects in materials or workmanship. See your local Raynor Dealer for complete details.

DESIGNFORM™ FEATURES

DURABLE DOOR SECTIONS

Raynor DesignForm™ sections are constructed from hot-dipped galvanized steel and coated with a baked-on, fade-resistant polyester finish for maximum durability, rust-resistance and color retention.

ENERGY-SAVING INSULATION

Our state-of-the-art polyurethane insulation (shown) gives DesignForm™ OPTIMA and STANDARD doors the industry's highest R-values.

RAYNOR FINGER PROTECTION SYSTEM™

As your garage door closes, the exclusive Raynor Finger Protection System™ gently pushes fingers away from section joints and out of harm's way.

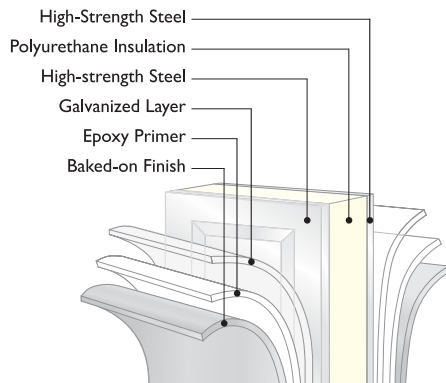

CUSTOM-FIT TRACK

All Raynor custom-fit track is constructed from heavy-gauge steel for maximum stability and long life. Made specifically to order, our track is adjustable so your door always fits perfectly against your door opening, preventing energy loss.
