**Weatherseal.**

Bottom weatherseal keeps out the elements.

**Section Joints.**

Vinyl thermal break between interior and exterior skins, along with a section joint seal prevent weather infiltration.

**Hardware.**

TC200 has heavy-duty, hot-dipped galvanized steel sections with an epoxy primer and baked-on polyester finish to resist rust and impact. The rugged, hot-dipped galvanized steel track and steel wheel, ball-bearing rollers assure durable, long lasting performance.

**Windows.**

TC200 windows use 1/8" DSB, insulated glass and are available in five different options: 24" x 8" oval windows (top), full view aluminum ranch (bottom), full view aluminum colonial, standard ranch, and standard colonial.

**Construction.**

2" thick door sections are made from high-strength, impact-resistant steel with a thermal core of polystyrene insulation for a 10.25 R-Value.

**Finished Interior.**

Two-sided sandwich construction provides TC200 doors with an attractive and durable white finished steel interior.
